A Message from our CEO

WELCOME!

Who ever would have thought 16 years ago when we, (NBPES) started that hypnosis would grow like it has and that the National Board would today be the number one hypnosis organization in the world.

Even with the tough times of today it continues to grow and prosper. Yes other organizations have closed and some have merged, but the strong always survive. I continue to say; this is the best field you can be in, and I really do mean it.

This year promises to be better than ever and this convention will echo that with a variety of great presentations and people from around the world all gathered in one place to network with one another and all for the benefit of hypnosis and related subjects.

The 24 Acre complex offers a very tranquil setting which was, a 100 years ago, an old Indian reservation. It has two creeks and many 100 year old oak trees with Spanish moss. There are 5 buildings which include 4 classrooms, a conference room, numerous offices, reception area, kitchen and bathroom facilities.

Don't miss this years line up of great subjects, courses and presenters along with several new course offerings and at a discounted rate. So come be with us and share the love and knowledge.

I look forward to spending time with each and every one of you.

Thank you.

Meet the Presenters

Wanda Hazelton after dedicating many years to the career oriented business world as a corporate trainer, Wanda decided to seek a different direction for her life. Wanda's philosophy is that the time is at hand to give back through the giving of herself. As the avenue to live and express that, her choice was to study and practice "Hypnotherapy." She also intergrates into her sessions; NLP and EFT. By doing so, her clients have quick access to valuable tools that can be utilized "on the spot," when needed. In addition to offering a variety of services to her clients, she volunteers to help those fighting cancer maintain a positive attitude and reduce the side effects of chemo and radiation. Wanda has developed two comprehensive, step by step manuals for other hypnotherapists on how to teach in a group setting; One for Weight Management and one to Stop Tobacco Usage. She resides in Arlington, Texas with her husband P.J. They have four grown children and enjoy eight grandchildren and two great grandchildren. Wanda considers herself a "Last Hour Laborer" and is committed to helping and serving others for the duration of what she refers to as the senior season for her life.
